

XXIX
IMPC 2018
SEPTEMBER, 15-21, 2018
MOSCOW, RUSSIA

XXIX International Mineral Processing Congress (IMPC 2018) International Exhibition «IMPC2018-EXPO. Mining and Mineral Processing»

XXIX International Mineral Processing Congress (IMPC 2018) and International Exhibition «IMPC2018-EXPO. Mining and Mineral Processing» will be held in Moscow, Russia on September 15-21, 2018. This Congress is very important and long-awaited event for Moscow and Russia.

International Mineral Processing Congress has been in existence now for more than sixty years. The very first congress was held in September 1952 in London, it was indeed an impressive beginning of a series of ever growing congresses. On September 15, 2016 in Quebec (Canada) Russia took up the baton to organize the XXIX International Mineral Processing Congress IMPC 2018 which will be held in Moscow. The Russian delegation was represented by 40 scientists from the leading institutes and universities of Russia and members of the business community. The delegation was headed by Valentine Chanturiya - academician of the Russian Academy of Sciences.

Organizers: Russian Academy of Sciences, Institute of Comprehensive Exploitation of Mineral Resources of the Russian Academy of Sciences and The National University of Science and Technology MISiS. The Congress is supported by the Government of Russia.

Partners: EuroChem Group AG, Metalloinvest Management Company LLC, TOMS engineering, ALROSA, «UMMC», «RIVS», «IRGIREDMET».

Main topics of the Congress:

- ✓ Technological mineralogy
- ✓ Comminution & classification
- ✓ Physical enrichment – gravity, magnetic and electrostatic separation
- ✓ Surface chemistry. Flotation fundamentals. Flotation reagents. Flotation technology
- ✓ Processing of fines and slimes
- ✓ Hydro- and bio-hydrometallurgy
- ✓ Environmental problems and recycling of mineral-containing waste products
- ✓ Process modeling
- ✓ Pillarization, agglomeration and sintering
- ✓ Dewatering

Important dates:

- ✓ Start of on-line registration: **01.01.2017**
- ✓ Start of Abstract Submission: **01.03.2017**
- ✓ Deadline for abstract submission: **01.09.2017**
- ✓ Expertise of abstracts: **01.12.2017**
- ✓ Start of articles submission: **01.03.2018**
- ✓ Expertise of articles: **01.05.2018**

Traditionally, International Exhibition «IMPC2018-EXPO. Mining and Mineral Processing» together with the Congress will take place.

Thematic sections of the International Exhibition «IMPC2018-EXPO. Mining and Mineral Processing»:

- ✓ Mining and metallurgical enterprises.
- ✓ Oil and gas enterprises and gold mining companies.
- ✓ Manufacturers and suppliers of machinery and equipment for the mining industry, mines, mining and mineral processing enterprises.
- ✓ Technologies, equipment and devices for mineral processing.
- ✓ Geology and geophysics: equipment, scientific research, information systems.
- ✓ Scientific and production centers, research and design institutes.
- ✓ Ecology. Environmental protection, environmental monitoring of mineral resources

Congress and the exhibition will be visited by the Government members, representatives of the ministries and departments, experts of mining companies, representatives of engineering companies and institutions, students and professors and also more than 1500 delegates from Russia and foreign countries.

Official Congress website: impc2018.com

Dates:

September 15-21, 2018 – XXIX International Mineral Processing Congress (IMPC 2018)

Venue: World Trade Center

September 16-18, 2018 – International Exhibition «IMPC2018-EXPO. Mining and Mineral Processing»

Venue: Expocentre Fairgrounds
